Company Overview - Obsidian Manufacturing Industries, Inc., located in Rockford, Illinois, provides superior quality workholding machine tools, lifting magnets and rotary surface grinders under its four brands, Arter Precision Grinding Machines, Magna-Lock USA, MagnaLift and Power-Grip. OEM parts and repair services are offered for all their brands. Additionally, competitive pricing is available for repair services for most major brands in their industries. Obsidian Manufacturing Industries, Inc. also is a grinding shop with precision and rough surface grinding services available.

MagnaLift and Power-Grip are brands that have been associated with magnetics since the 1940's; heavy duty precision magnetic holding equipment for machine tool and other industrial applications; our vast historical engineering documents and knowledge assist us with producing OEM parts and repairs for our customers. Repair and certification services are available for all models of MagnaLift and Power-Grip magnets. Custom design lift magnets available including adaptor shoes, spacers, and spreader beam models.

MagnaLift

a brand of Obsidian Manufacturing Industries, Inc.

Self-contained, battery-operated lift magnets for lifting large flat plates, tubes, rounds, structural steel, odd shapes, coils, discs, rings, and more

- Eases loading and unloading of machines
- Eliminates chains, hooks, and slings
- Increases production by decreasing material handling time
- All units complete with built-in chargers and removable power

Electric Lift Magnets

Three models are available.

- Round magnets that offer a high ratio of lifting capacity to-magnet size and are designed to be used for flat plates, slabs, and blocks
- Rectangular magnets for flat plate, slabs, blocks, etc.
- Bi-polar magnets that can be used for flat plates and with optional adapter shoes can be used for rounds, tubes, structural steel, bundles, and odd shapes

SOCIO-ECONOMIC STATUS: Economically Disadvantaged Women Owned Small Business

We are not a distributor; we are the manufacturer, and we sell direct. All our lift magnets are manufactured in our factory located in Rockford, Illinois USA .
